

Mr. Bruce Davis

**Global Consulting, 45 Stroatley
Rise, Haslemere, Surrey, UK**

Bruce Davis has his own Consultancy in Quality by Design (QbD) and Engineering and has carried out considerable amount of QbD training, including Process Validation, externally and in-house. He also has set up and helps run a QbD course at a UK university. He is a professional engineer and has many years experience in the pharmaceutical industry and a wide international knowledge. He previously worked at AstraZeneca, where he had a number of engineering and corporate responsibilities, including managing international engineering, facilitating QbD and leading a cross-company change process for facility qualification using science and risk based principles. He is past Chair of the International Society of Pharmaceutical Engineers (ISPE) Board of Directors and currently leads a cross-company case study for practical implementation of QbD. He has spoken at many ISPE events in UK and internationally. He chaired the writing of the ISPE Baseline @Guide on Sterile Manufacturing Facilities. He is secretary to ASTM E55.03 Committee on General Pharmaceutical Standards.
